Wedding Cakes:

Couples who booked early in 2018 have the wedding cake included in their package, but this changed in fall 2018 for two reasons. 1) Several couples wanted their own cake baker (to whom we issued a cake credit) and 2) With cakes becoming so extensively customized, both vendors preferred to have them separated from the package to enable them to work their own discounts and special pricing. We made the change, applied the cake credit and reduced our package price. Wedding cake **service** (cut/plate/box with cake plates/forks/napkins) is still included in packages. Please check your pkg description or the VENDOR SERVICES box in the upper right hand corner of your estimate to confirm whether your wedding cake is included.
